## Representative Engagements

### Our Method

## The DecisionBoundaries Edge

### Bringing Clarity to Complexity

Our clients reach out to us to bring clarity and sound guidance when facing complex financial situations. With a background that straddles corporate finance, litigation, and mathematical-modeling, DecisionBoundaries has a leg up on our more traditional competitors.

### Traversing The "Silo"

While 95% of the available data is ignored by traditional appraisers, DecisionBoundaries' unparalleled background in investment banking and mathematical modeling provides both the industry-expertise and technical capabilities necessary to evaluate and distinguish meaningful insights.
